*" We were looking for German quality and service.
As we got in contact with Inside Living we felt being in good hands.
The team are absolutely professional and dedicated to their work.
They even did the installation of the kitchen and the BIC's while we
were not in the country.*

*They **met all our expectations** and we would **highly recommend** if you are looking for the **best quality and service!**
Thank you! "*

About

We have had the **joy of designing** and installing over 400 premium German kitchens and interior spaces throughout Africa with our residential clients since 2005.

We have created spaces that are functional, elegant, and suited to our clients' needs because we believe that a home should reflect who you are and what you love.

We have an extensive range of **traditional, contemporary, and modern** design options that give our clients the freedom to create and customise the kitchen of their dreams.

We leave nothing to chance, everything is tested at the production laboratory to ensure that every single piece we deliver meets the stringent international quality, environment, and energy guidelines.

Quality made in Germany.

For peace of mind, Inside Living's products are confidently supported by a **10-year guarantee.**

Constantia

Handle-less, Alpine White

This project aimed to create a kitchen that integrates well with the house's overall aesthetic, emphasizing simplicity, cleanliness, and functionality.

The resulting design achieves this vision by seamlessly blending with the rest of the house while allowing for personalized touches.

Notably, the kitchen features wall unit grip handles with integrated lighting, serving both functional and aesthetic purposes by providing ambient lighting.

Additionally, the inclusion of a Havana Oak eating console adds visual appeal and warmth, creating a contrast with the neutral tones in the space.

Plettenberg Bay

Tranquility

We designed a kitchen and scullery for a new house in Plettenberg Bay, focusing on a tranquil ambiance.

The chosen finishes, Riva Sanremo Oak and EasyTouch Fjord Blue, were carefully selected to achieve a cohesive and harmonious look.

The Riva Sanremo Oak finish ties in with timber elements used throughout the space, while the EasyTouch Fjord Blue finish features an anti-fingerprint coating, encouraging touch without leaving irritating fingerprints.

All our EasyTouch finishes are anti-fingerprint, ensuring a clean and pristine appearance.

West

Modern Country

This project presents a thoughtfully designed modern country kitchen, emphasizing a warm and inviting atmosphere.

The use of honed Ivory finish, Chalet shaker door fronts with brush handles, and Oak veneer elements adds to the visual appeal and functionality of the space.

These elements harmoniously combine to create a kitchen that exudes natural beauty and a cozy ambiance, aligning with the overall concept.

Stellenbosch

*"I am so thrilled to have chosen Inside Living, to deliver a turnkey joinery solution for us. Right from concept design to construction and installation, **the team has professionally delivered** a contemporary kitchen, scullery and built in wardrobes with **the required quality and on time - Cudos to the team.***

I certainly will not hesitate to use your talents again. "

Knysna

*“ It was an **absolute pleasure working with Inside Living** on our project, and we thank them for always trying their best and accommodating us where they could. We are very happy and elated with the outcome of our home.*

It is absolutely gorgeous and it's hard to think that we ever lived in anything else. The layout of the kitchen is what sold us from the get-go...

*Thank you for **bringing to life our vision**, we couldn't have done it without your team!!!*

A big thank you. ”
